

## **Rand 3D Exhibits at LiveWorx 2017 Technology Conference and Marketplace**

*Rand 3D Technical Experts Showcase a Comprehensive Suite of Training Solutions at Booth #441*

**OWINGS MILLS, MD – May 22, 2017 –** [Rand Worldwide](#) (OTCBB: RWWI), a global leader in providing technology solutions to organizations with engineering design and information technology requirements, today announced that its [Rand 3D](#) division will be highlighting their suite of PTC training solutions at the [LiveWorx 2017 Technology Conference and Marketplace](#). Rand 3D technical experts will also be on hand at the Rand 3D booth (#441) to provide insights based on decades of solving customer challenges. LiveWorx is being held at the Boston Convention and Exhibition Center in Boston, Massachusetts from May 22-25, 2017.

"Today's design challenges are complex and the pace of business continues to increase so our dedicated instructors and technical training engineers focus on helping customers quickly understand and solve their most pressing problems," says John Carlson, technical training director at Rand 3D. "Our team of experts have over 70 years of cumulative software and training experience, allowing them to provide deep insights into how customers can use PTC software to reach higher levels of productivity."

Rand 3D's comprehensive suite of [PTC training solutions](#) includes Creo, Pro/ENGINEER and Windchill courses. [In-person classes](#), [LIVE Online training](#), [custom training](#), [self-paced eLearning](#) and [knowledge assessments](#) allow users to learn in the format that best suits their learning style.

Rand 3D training classes use curriculum developed by [ASCENT- Center for Technical Knowledge](#). ASCENT provides best in class training materials available for the industry's leading engineering software applications, including those from PTC.

To learn more about Rand 3D's complete PTC training solutions, visit booth #441 on the Exhibit floor at LiveWorx 2017. Can't attend LiveWorx 2017? Learn more by visiting [rand3d.com](#), reading the [Rand 3D blog](#), following Rand 3D on Twitter at [@Rand3D](#) or speaking with a Rand 3D expert at 1-877-726-3243.

### **About Rand 3D**

Rand 3D, a division of Rand Worldwide, provides technology solutions and professional services to organizations with engineering design and information technology needs. They provide PTC software users with a full suite of training classes through a full-time, dedicated teaching faculty.
