

Rand Facilities Management Receives Double Honors at ARCHIBUS Nexus 2014 Conference

*Recognized with Best Partner Community Excellence Award
and Best Customer Services and Support Award*

FRAMINGHAM, MA – May 14, 2014 – [Rand Worldwide](#) (OTCBB: RWWI), a global leader in providing technology solutions to organizations with engineering design and information technology requirements, today announces that its [Rand Facilities Management](#) division was presented with two awards of excellence at the ARCHIBUS Nexus 2014 Conference which was held May 4-7, 2014 in Ft. Lauderdale, FL. The team was given the Best Customer Service and Support Award as well as the Best Partner Community Excellence Award.

“On behalf of all our clients from across the country and our industry peers who have made this possible, we’re honored to receive these awards,” said Peter Costanzo, director of business development for Rand Worldwide’s facilities management division. “We celebrate these achievements because this type of recognition underscores our team’s mission to excel in the delivery of excellent customer service while working closely with both ARCHIBUS and our clients as we help them implement leading facilities management platforms across their sites.”

Best Partner Community Excellence Award

ARCHIBUS presents the Best Partner Community Excellence Award to the business partner who demonstrates the most collegial, collaborative approach to mentoring the development and growth of the community.

Rand Facilities Management received this award as a result of their close work with ARCHIBUS on product development, business development and professional services in support of strategic industry initiatives. Both Peter Costanzo and Rand Worldwide were commended for working with ARCHIBUS to facilitate multiple cross-discipline projects optimizing the value of Homepages, Metrics and Mobile for leading clients representing many industries.

Best Customer Service and Support Award

The Best Customer Service and Support Award is presented to a business partner who demonstrates consistent, exemplary service and support of a client's ARCHIBUS implementation, including both technical and business expertise.

Over the years, more than two thirds of our consultants have individually received this award which underscores our commitment to customer service. Tim Schaubroeck is the 2014 winner. He received the award for his technical expertise and understanding of the ARCHIBUS software, along with his attention to helping customers attain a lasting knowledge of the technology.

About Rand Facilities Management

The [Rand Facilities Management](#) team, a division of [Rand Worldwide](#), solves facilities management, BIM, GIS, and CAD challenges in a variety of industries. Every Rand Facilities Management consultant across North America has a unique combination of real-world

industry experience, a deep understanding of data and solid technology expertise that ensures the recommended facilities management solution will meet customers' unique business needs. Strategic partnerships with best-of-breed facilities management technology providers like ARCHIBUS and a long-standing relationship with Autodesk via [IMAGINiT Technologies](#), allow Rand Facilities Management to provide additional services such as data collection, standards and workflow development, and individualized consulting.
