

## **ASCENT- Center for Technical Knowledge Partners with CADLearning to Provide Free Autodesk Certification Preparation Materials**

***Thirty Days of Free Online Access to ASCENT's Official Certification Preparation eBooks and CADLearning's Video Content is the Stress-Free way to Prepare for Autodesk Certification***

**OWINGS MILLS, MD — November 3, 2015 —** [Rand Worldwide](#) (OTCBB: RWWI), a global leader in providing technology solutions to organizations with engineering design and information technology requirements, today announced that its courseware division, [ASCENT- Center for Technical Knowledge](#), is partnering with 4D Technologies to provide free access to their Autodesk Certification Preparation content online for a limited time. The new [online certification preparation portal](#) includes Official Certification Preparation content by ASCENT and rich CADLearning video courses by 4D. These materials, available for free from November 3 to December 3, will ensure an unrivalled learning experience for those taking certification exams at Autodesk University 2015 in Las Vegas.

“Both ASCENT and 4D have provided free access to their content onsite at Autodesk University for a number of years, but cramming at the last minute while attending an eventful conference is not ideal,” says Paul Burden, director of product development, ASCENT. “We want to give certification candidates the best possible chance of success, so we’re now offering learners the option to study where and when they want for a full month, right up until the end of Autodesk University. Free access to ASCENT’s Official Certification Preparation eBooks and industry-leading CADLearning video courses will help end-users of all learning styles understand the key topics and objectives required to achieve certification.”

ASCENT’s Official Certification Preparation books are specifically designed to help users prepare for Autodesk Certification exams. They contain relevant instructional topics, practices, and review questions that directly address the Certified Professional exam topics and objectives.

To gain access to the ultimate combination of certification preparation materials, register for free at <http://certprep.cadlearning.com>.

“We’re combining the best learning materials in one place, online,” says Matt Murphy, director of content management and development, 4D Technologies. “Video lessons, detailed descriptions, and hands-on practices target specific information that end-users need to know for the certification exams. No matter their learning style, this approach ensures they can absorb, and retain the information in the way they learn best.”

ASCENT’s free offering includes six Official Certification Preparation eBooks:

- AutoCAD 2016: Review for Certification
- AutoCAD Civil 3D 2016: Review for Certification
- Autodesk Inventor 2016: Review for Certification
- Autodesk Revit 2016 Architecture: Review for Certification
- Autodesk Revit 2016 MEP: Review for Certification
- Autodesk Revit 2016 Structure: Review for Certification

Those who prefer to review printed materials as they prepare for certification exams can purchase ASCENT's Official Certification Preparation Books from [Amazon.com](http://Amazon.com).

CADLearning's free offering includes 14 exam preparation courses for the following exams and includes over 1,000 videos:

- AutoCAD Certified Professional
- AutoCAD Certified User
- AutoCAD Civil 3D Certified Professional
- Autodesk 3ds Max Certified Professional
- Autodesk 3ds Max Certified User
- Autodesk Inventor Certified Professional
- Autodesk Inventor Certified User
- Autodesk Maya Certified Professional
- Autodesk Maya Certified User
- Autodesk Revit Architecture Certified Professional
- Autodesk Revit Architecture Certified User
- Autodesk Revit for Electrical Certified Professional
- Autodesk Revit for Mechanical and Plumbing Certified Professional
- Autodesk Revit Structure Certified Professional

### **About ASCENT**

[ASCENT- Center for Technical Knowledge](#) develops professional training courseware and technical documentation for engineering applications including those from Autodesk, Dassault Systèmes and PTC. ASCENT is an Authorized Author, Publisher and Developer of Autodesk curriculum and the sole provider of Autodesk Official Training Guides. ASCENT training guides, eBooks and Instructor Tools are available to educational institutions and training centers, individuals and corporations and can be purchased directly from the [ASCENT eStore](#) (for volume sales, contact an ASCENT representative). For more information visit the [ASCENT website](#) and follow ASCENT on Twitter at [@ASCENT\\_CTK](#).

### **About CADLearning**

CADLearning's comprehensive, self-paced professional learning content is designed to maximize performance with Autodesk 2D and 3D design, engineering and entertainment software. Users leverage CADLearning for self-paced learning, as an ongoing resource, and as a help tool. CADLearning is developed by 4D Technologies, LLC. Visit <http://www.cadlearning.com> to learn more.
