

ASCENT Delivers Expert-Led Classes and Exhibits at Autodesk University 2017

ASCENT Introduces Smaller Book Size, Offers Pre-Order Discount and Showcases their 2018 Courseware Offerings at Booth D314

Owings Mills, MD — October, 19 2017 — [ASCENT – Center for Technical Knowledge](#) will host two expert-led classes and exhibit at Autodesk University 2017 (AU 2017). Until October 25th, ASCENT is also offering special pricing and free shipping on pre-ordered, printed Autodesk 2018 guides that will be available for pickup at the ASCENT booth (D314). [Click here for offer details and a link to the pre-show store](#). AU 2017 takes place November 14 to 16, 2017 at the Venetian Resort and Casino in Las Vegas, NV.

“Seeing Autodesk software users become more efficient and effective inspires our team and this year we’re sharing our expertise and learning solutions in the classes we are teaching as well as at our booth,” says Paul Burden, director of product development, ASCENT. “And to guarantee that titles don’t sell out, we’re offering the ability to pre-order books at a 25 percent discount, free shipping and onsite pick up at the ASCENT booth. Visitors to the booth can also peruse our entire 2018 Courseware catalogue online, purchase courseware via our eStore and meet several of our authors to learn about our standard and custom learning solutions.”

New from ASCENT

AU 2017 attendees picking up their pre-show orders at the ASCENT booth will be among the first in North America to receive ASCENT’s new 8.5 by 7 inch print courseware materials. While the page count and content of the books remains the same, the reduced size makes the materials a more portable reference tool for use in the office, the classroom or on the project site as well as being more environmentally friendly with a 36 percent reduction in the amount of paper used to print each book.

ASCENT Classes at AU 2017

- [Jennifer MacMillan](#), instructional design projects manager with ASCENT, who has over 21 years of experience teaching and developing CAD training material will lead: [Assemblies: Putting It Together in Fusion 360](#).
- [Michelle Rasmussen](#), senior instructional designer with ASCENT, and a popular civil engineering industry expert, will share her training, support and implementation expertise at AU 2017 with the class: [Designing the Smart Way: Fun, Fast, and Easy with InfraWorks](#).

To connect with either Jennifer or Michelle at Autodesk University, register for one of their classes, or visit the ASCENT booth (D314).

About ASCENT

[ASCENT- Center for Technical Knowledge](#), a division of [Rand Worldwide](#) (OTCBB: RWWI), is an Authorized Publisher and Developer of Autodesk curriculum, developing professional training courseware and technical documentation for engineering applications including those from Autodesk, Dassault Systèmes and PTC.
