

## **IMAGINiT Technologies Leads Sessions and Sponsors BILT NA 2017 Conference**

*Experts offer Key BIM Tips, Tricks and Demonstrations with Multiple Educational Presentations and BIM Specialists at Booth #4*

**OWINGS MILLS, MD – July 25, 2017** – Building experts from [IMAGINiT Technologies](#) will lead multiple classes at the [BILT NA 2017 Conference](#) in Toronto, August 3-5, 2017. Autodesk Platinum Partner IMAGINiT will also be sponsoring the conference and exhibiting during the show at booth #4.

“Since its beginnings in 2011, we’ve always been proud supporters of the BILT NA Conference,” says Bill Zavadil, senior vice president of services, IMAGINiT Technologies. “Being able to share insights and play a part in moving the industry forward not only helps attendees, but also energizes our subject matter experts as they see the experience they share with others being put into practice.”

IMAGINiT instructors, Jefferson Morris and Carl Storms, will share tips and tricks that unlock key features of Autodesk Revit software to help make architects, engineers and construction professionals as productive as possible.

### **IMAGINiT Expert Sessions at BILT NA 2017**

**LAB: Dynamo - Everyone’s Doing It – Again (Aug 2, 11:30AM)** – In this hands-on lab, IMAGINiT’s Carl Storms, senior applications expert, will outline the basics of [Autodesk Dynamo](#) for those who are just beginning to use the software. This includes a look at how to create and manipulate [Autodesk Revit](#) geometry, how to use Dynamo scripts in [Autodesk Formit 360](#), and how to create and share custom nodes.

**BIM as a Deliverable vs. BIM as a Process (Aug 4, 3:15PM)** – IMAGINiT’s Carl Storms will participate in a roundtable discussion looking at whether BIM should be treated as a deliverable, a process, or both.

**Dynamo Packages - Have You Tried These Yet? (Aug 5, 2:45PM)** – Geared towards Dynamo users of all levels, from beginner to pro, this class with IMAGINiT’s Carl Storms will look at the different Dynamo packages available, their key features and how to use them to improve architecture projects.

**InfraWorks 360 & Revit: New Tools for City Planners (Aug 5, 9:00AM)** – IMAGINiT’s Jefferson Morris, senior applications engineer, will lead attendees through an in-depth look at the [Autodesk InfraWorks](#) tools and workflows that help municipal urban planners determine the compliance and compatibility of proposed designs.

BILT NA attendees can sign-up for these popular IMAGINiT classes while [registering](#) for BILT NA 2017. In addition to attending IMAGINiT’s educational sessions, attendees can also learn tricks and tips by following IMAGINiT on Twitter at [@IMAGINiT\\_Tech](#) and visiting IMAGINiT’s experts at booth #4.
