

Rand 3D Sponsors Dassault Systèmes' 3DEXPERIENCE Customer FORUM

*Rand 3D Showcases its Complete Design Engineering Solutions Including
Software Sales, Training, Support and Consulting Services
at Exhibit Booth #S22*

FRAMINGHAM, MA – November 12 , 2013 – [Rand Worldwide](#) (OTCBB: RWWI), a global leader in providing technology solutions to organizations with engineering design and information technology requirements, today announced its [Rand 3D](#) division will showcase their complete Dassault Systèmes design engineering solutions including software, training, support and consulting services at the 3DEXPERIENCE Customer FORUM. The forum will be held at the Aria Resort & Casino in Las Vegas on November 12 and 13, 2013.

"Our customers have told us that purchasing the software is only one part of the full equation for business success," says Grant O'Donnell, sales director, enterprise applications for Rand Worldwide. "The true value of a technology partner is in their ability to be in lock-step with their client's business needs. This includes consulting to identify how technology fits their business processes, making a complex implementation easy, providing training that ensures adoption of the new technology, and providing resources who not only know the software, but also understand the industry's business challenges."

Training Expertise

Rand 3D offers a [complete array of training services](#) including: in-person classes, LIVE Online training, custom training as well as self-paced eLearning and knowledge assessments. Rand 3D's teaching faculty are dedicated, full-time employees certified in both instructional delivery and software use. These subject matter experts inject real-world experiences into the equation whether they are teaching online, in one of more than 30 Training Centers across North America, or on-site at a customer location.

To ensure the richest educational experience possible, Rand 3D uses curriculum developed by [ASCENT – Center for Technical Knowledge](#). The sole focus of ASCENT is to provide clients with the best training materials available for the industry's leading design engineering software applications, including those from Dassault Systèmes.

ProductivityNOW

Extending the rich learning experience beyond the classroom, Rand 3D also offers access to [ProductivityNOW](#) eLearning, with curriculum developed by ASCENT - Center for Technical Knowledge. This self-serve eLearning knowledgebase offers Dassault Systèmes users 24/7 access to an unrivaled community of technical resources and eLearning offerings. Content includes tips and techniques, video demonstrations, and hands-on exercises.

Software Offering

Rand 3D offers customers the [latest software releases](#) and updates for software including: 3DVIA Composer, CATIA PLM Express, CATIA V5, CATIA V6, DELMIA PLM Express, DELMIA V6, ENOVIA SmarTeam, ENOVIA Synchronicity, ENOVIA V5 VPM, ENOVIA V6, and V6 PLM Express.
