

For Immediate Release

Rand Secure Data to Present at Enterprise Data World Conference

*Rand Secure Data Executive to Present on Data Governance and
Company to Showcase Comprehensive Data Governance Solutions at Booth #44*

FRAMINGHAM, MA – April 23, 2014 – [Rand Worldwide](#) (OTCBB: RWWI), a global leader in providing technology solutions to organizations with engineering design and information technology requirements, today announced that its [Rand Secure Data](#) division will have a substantial presence at the Enterprise Data World Conference in Austin, Texas. The company will be presenting and exhibiting its comprehensive data governance solutions at the conference, which will be held at the Renaissance Austin Hotel from April 27 – May 1, 2014.

On Tuesday, April 29, at 2:15 PM, Rand Secure Data will present, "[Data Governance: Bridging the Gap between IT and the Rest of the Business](#)." The session will be presented by Charles Lafleur, vice president of enterprise applications at Rand Secure Data, and will highlight the key areas every organization must focus on to ensure a successful data governance program.

For more information or executive media interviews on Rand Secure Data's approach to data governance and how to ensure that data is accessible, recoverable and defensible through implementing comprehensive archiving, backup and eDiscovery, visit Rand Secure Data at booth #44 at Enterprise Data World or online at www.randsecuredata.com.

About Rand Secure Data
